

Inspire Change

It is the main purpose of Closca. The brand from Valencia that, using design and innovation, seeks to make you reflect about your daily habits and inspire you to change them towards more sustainable ones.

The objective is to make us aware of our co-responsibility and therefore make us inspire the change of individual behaviors to generate a positive impact on the planet.

Join the community that inspires change.

#CitiesWithSoul

Did you know that by 2050 most of the world population will live in urban areas? The challenge now is to make those cities a better place to live in, to create #CitiesWithSoul.

This challenge promotes the use of non-polluting transport, such as bicycles or scooters, for urban mobility in the last mile. But always in a safe, elegant and comfortable way. Because by changing the way we move, we will change the way we live.

#MyLastPlasticBottle

Did you know that every minute 1 million plastic bottles are bought worldwide? And that only 9% of them are ever recycled? The rest ends up in our oceans, and if we carry on like this, by 2050 plastic will outweigh fish. #MyLastPlasticBottle challenges the global trend of water consumption: the use of plastic bottles as part of the past.

CLOSCA BOTTLE CLASSIC

The icon

Reflecting on the abuses committed by humanity in recent decades and to bring up the consciousness about our impact on the planet, the Closca Bottle was born. Our special collection reminds us that we have too much to lose if we destroy ecosystems.
