ENTERTAINING COLLECTION

## RAINBOW RANGE

Made from high quality borosilicate glass, the glasses in this rainbow-hued range are delicate but strong and finished with an iridescent sparkle with luxurious gold detailing around the rim. Spanning from modern stemless prosecco glasses to timeless martini's, these simple yet sophisticated designs are perfect for both formal dinner parties and laid-back garden hangouts.

## CBD COCKTAILS

Explore the bars, cafes and chocolatiers of London that are pushing boundaries with their CBD creations; expertly crafted to delight your tastebuds and relax your senses. This book will guide you through the very best CBD cocktails with easy to follow recipes to recreate and home and share with your friends.

## BLACK GOLD

Black tinted glass gives a subtle smokey effect which contrasts with the shimmering gold detailing for a really unique stand-out collection.

## GEO GLASS

Stand-out Style: Weighty hand blown glass.

Unique Shape: Inspired by geometric terrariums.

Make a statement: Enjoy a new angle when drinking your whiskey, gin, brandy, cognac or wine.

## BARTENDER COLLECTION

It's no secret that we love a good cocktail at Root7 which is why we've worked with top bartenders to create a uniquely crafted mixologists' kit.

Unroll your inner mixologist and #DrinkDifferently.

## HIMALAYAN SALT

We have created a unique set of Himalayan salt products for your bar. Beautifully packaged and extremely giftable.
